

Title

Description/welcome text

Upload

Functionality

~~Startup~~
~~Initial load of data~~

Setup/preload

- Do we need the ^{or version} ~~names~~ for the graph + Amplitude
- Declare all variables & settings
- ~~cleanup~~

- Amplitude read/display function
- Initiates analysis of sound
- Prompt an upload from user
- 'Start' function that first:
 - (checks if upload is there, then)
 - clears existing data
 - calls analysis function
- returns ~~the~~ graph and ~~the~~ report to display ~~at the end of analysis~~
